

Development Nine Months

When your baby is playing and you come up quietly behind her, does she sometimes turn her head as though she hears you? (Loud sounds do not count.) Check "Yes" only if you have seen her respond to quiet sounds or whispers.

Yes No

Can your baby sit without support and without holding up his body with his hands?

Yes No

Does your baby crawl or creep on her hands and knees?

Yes No

Does your baby hold his bottle?

Yes No

Does your baby deliberately drop or throw toys?

Yes No

Does she bang, strike, and shake her toys?

Yes No

When you show your baby a book, does he get excited, then try to grab and taste?

Yes No

Is your baby wary of unfamiliar people?

Yes No

Does your baby make sounds that use vowels and consonants?

Yes No
